

PUBLIC NOTICE

Washington Township Municipal Utilities Authority
Replacement of Well House Nos. 2 & 8 and
Drilling of Replacement Well No. 2A
Washington Township, Gloucester County, New Jersey
Project Nos. 0818004-010 and 0818004-014

The Washington Township Municipal Utilities Authority (WTMUA) is pursuing financial assistance from the New Jersey Environmental Infrastructure Financing Program for the drilling of a replacement well, Well No. 2A, at the location of the existing Well No. 2 and the replacement of existing Well House Nos. 2 and 8 in Washington Township.

Based on planning information submitted in support of the proposed action, the Department has determined that it qualifies for a Level 1 environmental review. The rules provide that this level applies to certain categories of actions that are expected to have little or no adverse environmental impact.

Based on the Level 1 environmental review, the Department has made a decision to approve the planning information for the proposed action. This decision is a part of the financial assistance application process, but is not a commitment of federal or state funds. The proposed project costs are as follows:

Well House Nos. 2 & 8

Project Cost: \$1,827,420

Proposed Loan: \$1,827,420

Drilling of Replacement Well No. 2A

Project Cost: \$837,375

Proposed Loan: \$837,375

An environmental summary of the proposed action, including the basis for determining that it qualifies for a Level 1 environmental review, is available for review on the WTMUA's web site: wtmua.com
